

# Children and teens wanted for paid research

We are researchers seeking families of children and teens

**10 to 13 years old**

for a research study about social changes and brain development.

Your child's brain activity will be measured during computer and social tasks. You and your child will complete surveys regarding thoughts and feelings.

---

## Receive \$660 in compensation

- ✓ \$200 for first visits
- ✓ \$200 for 9-month follow-ups
- ✓ \$200 for 18-month follow-ups
- ✓ \$20 for travel expenses for each in-person visit
